Terms & Conditions

The Energica Value Promotion is subject to the following Terms & Conditions:

1. The Energica Value Promotion may not be assigned or transferred by you to any person or entity at any time. The Energica Value Promotion only applies to the identified Vehicle.
2. The Energica Value Promotion may not be combined with any other discounts or promotions.
3. The installation of accessories or after-market parts or customization of your Vehicle after purchase will not increase the Guaranteed Trade-In Value.
4. Selection of either the (i) Guaranteed Trade-In Value plus Bonus Reward or (ii) the Extended Term Battery Warranty must be communicated to Energica or your Energica dealer no later than 23 months after the Vehicle Delivery Date. You may communicate your selection via e-mail to Energica (at _____) or by delivering a copy of this form to your Energica dealer with your selected Option indicated.
5. When traded in, the Vehicle must meet the following requirements:
 - a) The Vehicle may not have more than 10,000 miles, exhibit any damage or have excessive wear beyond normal use.
 - b) The Vehicle may not have been used in competition or for rental or other commercial purposes.
 - c) The Vehicle (including its battery) must have been maintained by you in accordance with the Energica Use and Maintenance Manual and Warranty Card and serviced by an Energica dealer or other authorized Energica service provider according to Energica’s recommended service schedule. You must not have taken any action that would void the Energica Limited Warranty on the Vehicle.
 - d) The Vehicle may not have any non-factory parts or components installed or have been subjected to any other alteration or customization that affects the function, styling and/or aesthetic appeal of the Vehicle as compared to its condition when originally purchased.
6. If, after inspection by an Energica dealer, your Vehicle fails to meet any of the conditions in Section 5 above, the dealer shall have the right to adjust the Guaranteed Trade-In Value. If you accept the adjusted value and trade-in your Vehicle on the purchase of a new Energica motorcycle, you will still remain eligible to receive the \$6,600 Bonus Reward.
7. The Extended Term Battery Warranty option (if selected) will extend the standard Energica Battery Limited Warranty from 3 years (36 months) or 31,000 miles to 5 years (60 months) or 62,000 miles, whichever comes first. All other terms and conditions of the standard Battery Limited Warranty shall apply. A copy of the standard Battery Limited Warranty can be found in your Energica Warranty Card.
